**SPORTING NOTE #3****TYRES – MERCEDES-AMG GT2****June 18th 2026**

Further to a request from Pirelli, and as a precautionary measure, all Mercedes-AMG GT2 cars competing the GT2 European Series powered by Pirelli will be using DHF specification tyres from the Spa round onwards.

For Spa, this will apply to the three sets of new tyres (S2 – S3 – S4) referred to in article 29.7 of the 2026 Sporting Regulations.

However, these teams may continue to use their carryover tyres from Monza as S1 in accordance with the regulations, in free practice only.

From the Misano round, all tyres used by the Mercedes-AMG GT2 cars will be DHF specification tyres (both new and carryover).
