MONZA 2021

From The Stewards of the Meeting

Decision N° 16

To All Officials
All Competitors
The Entrants: High Class Racing
Peter Guelinckx
LP Racing

Date: 16 April 2021

Time: 16:10 hrs

The stewards having received a requests from the Competitors and having considered the following matter and reached the following decision:

Car: #33 & #81 & #88
Competitors: High Class Racing
Peter Guelinckx
LP Racing

Facts: The Competitors request permission to complete laps during Bonze Test
Findings:

The Competitors have identified an issue with their Audi R8 LMS GT2 cars in that they have found the braking system of these cars are degrading at a rate that would compromise safety unless new and bedded brakes were fitted to the cars for the start of Race 1.

The Stewards has obtained the counsel of the Series Technical Director who supports the application and has offered an assurance that, should and of these cars be selected for post-Qualifying technical checks, the checks will be completed in a time frame which will facilitate the cars running in the 'Bronze Test' for which permission is granted

Decision: The Competitor's Request is approved.
